National Dental Care Day – October 10, 2026

The Council of the Municipality of Northern Bruce Peninsula has proclaimed October 10, 2026, as National Dental Care Day, on behalf of the National Dental Care Day Foundation.

National Dental Care Day is a Canadian public-awareness initiative that promotes oral health education, preventive dental care, and equitable access to oral healthcare services.

The initiative highlights the important connection between oral health and overall health and wellness, while recognizing the contributions of dental professionals, educators, volunteers, and community organizations working to build healthier communities.

This day encourages Canadians to prioritize:

Preventive dental care and good oral hygiene

Early intervention and regular dental visits

Greater awareness of access to oral healthcare for underserved and vulnerable populations

Let's take a moment to prioritize our oral health and recognize those helping Canadians achieve healthier smiles!
